(609) 721 5171

EDUCATION

Carnegie Mellon University

BS in Information Systems
Additional major in HCI
Expected May 2020
Dean's List (Fall 2016 - present)
GPA 3.73

EXPERIENCE

TeleTracking Technologies / UI/UX Design Intern

May 2018 - August 2018
Conducted research and designed prototypes to strengthen the Mosaic design system and support consistent product experiences. Created illustrations and animations to define the Mosaic brand.

1000Plus / VP of Design

August 2018 - present
Created branding for service organization that aims to get over 1000 hours of community service in one day. Designed promotional materials including posters, social media assets and campaigns, apparel, stickers, and signage.

Medswift / Lead UX Designer

December 2017
Prototyped a responsive web design for a peer economy connecting volunteers to hospital ERs during large emergencies. Pitched and presented to panel of professors and students.

LEADERSHIP

Asian Student Association / Booth Chair

October 2017 - April 2018
Led the design and creation of a themed one-story booth for Spring Carnival. Supervised design teams, created concept art, implemented designs, and planned logistics across 100+ members.
